## Communication with Those Charged with Governance

---

### To the Board of Supervisors County of Bath, Virginia

We have audited the financial statements of the governmental activities, the discretely presented component units, and each major fund and the aggregate remaining fund information of the County of Bath, Virginia for the year ended June 30, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 11, 2018. Professional standards also require that we communicate to you the following information related to our audit.

#### Significant Audit Findings

##### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by County of Bath, Virginia are described in Note 1 to the financial statements. The County implemented the financial reporting provisions of Governmental Accounting Standards Board Statement Nos. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, and 85 *Omnibus 2017* during the fiscal year ended June 30, 2018. We noted no transactions entered into by the County of Bath, Virginia during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was:

Management's estimate of the depreciation expenses and related accumulated depreciation is based on useful lives of property and equipment. We evaluated the key factors and assumptions used to develop the items noted above in determining that the amounts are reasonable in relation to the financial statements taken as a whole.

Management's estimate of the allowance for uncollectible accounts is based on historical collections. We evaluated the key factors and assumptions used to develop the allowance for uncollectible accounts in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatement was detected as a result of our audit procedures and corrected by management:

We proposed one material journal entry as a result of our audit. The adjustment was necessary to record the proceeds from notes payable of \$1,773,180, and the related capital outlay in relation to the school board energy upgrades.

### *Disagreements with Management*

For purposes of this letter, disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated December 7, 2018.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Other Matters

We applied certain limited procedures to management's discussion and analysis, budgetary comparison information, and the schedules related to pension and OPEB funding, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI. Our responsibility with respect to the budgetary comparison information, which also supplements the basic financial statements, is to evaluate the presentation of the schedules in relation to the financial statements as a whole and to report on whether it is fairly stated, in all material respects, in relation to the financial statements as a whole.

We were engaged to report on other supplementary information and the schedule of expenditures of federal awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on statistical information which accompanies the financial statements but is not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of the Board of Supervisors and management of County of Bath, Virginia and is not intended to be and should not be used by anyone other than these specified parties.
