- Logic and Accuracy Testing was done on April 16, 2021, on the third floor of the Bath County Courthouse. Jay Glenn did all the testing. The Express Voting Machine for one of the precincts was not working and Donna will send it to Print Elect to get it serviced. It will be sent back and will be ready for the election in June. One member of the Republican party came and observed the testing done on the machines. Nancy Peery from The Electoral Board was present for the testing. All went well on all the other machines they are now ready for the Primary Elections on June 8, 2021.
- Letters have been sent to all the precincts letting them know of the upcoming election in June.
- Status of the plaques for the retired Officers of Election have been ordered and the planning for the Appreciation dinner will be held in the fall. Details are still in the works for the place, time, and menu.

New Business:

- Donna reported that the early voting for the election has been very slow at this time.
- Question has been asked if another L & A testing will be done before returning the tabulation machines to the null state before the next election in November. No thumb drives are in our machines, so the answer is no. If a recount is required by the state, recounts are loaded back up to tally votes.
